Second Attempt to Destroy a House in Brooklyn.

The Occupants Carried Out in an Unconscious Condition.

At an early hour this morning the residents in the neighborhood of 72 Gerry street, Brooklyn, were thrown into a state of intense excitement because of the second attempt to burn the house at that number.

As there is no insurance carried the motive is hard to find. The damage done was \$500.

CORBIN'S PHILANTHROPY.

It Is Said the Magnate's Cabs Are Breaking the City Ordinance.

It has been charged against Austin Corbin that his new cabs in service in connection with the Long Island Railroad are violating a bit of philanthropy, and although the carriages are superior to the ordinary cab, and the drivers are decked out in natty blue coats and shining high hats, the public is being mulcted in excess of the legal fare to pay for the extra "binks."

The service was inaugurated on June 1 and the standards are at the Thirty-fourth street ferry, in this city, Long Island City and Flatbush avenue, Brooklyn.

It is alleged that Mr. Corbin inaugurated a set of prices, which were about 40 per cent. higher than the legal rate of 50 cents for the first mile and 25 cents for the next.

At Mr. Corbin's office today it was said in extension that the rates charged were in violation of the city ordinance, all the other cab companies were in the same boat, for the rates were the same.

ABUSED BY A DOG CATCHER.

A Brooklyn Woman Complains to Mayor Boody.

Says She Was Thrown to the Side by Dog Catcher No. 4.

Mrs. Pauline Guyot, of 233 Flatbush avenue, Brooklyn, came to the Mayor's office this morning and complained that dog catcher No. 4 had assaulted her while she was trying to protect her twelve-year-old son, Arthur, from rough usage at the hands of the dog catcher.

Mrs. Guyot told Mayor Boody that Arthur and the family dog, "Tige," were playing in front of the house when the boy spied the dog-catchers' wagon coming up the street. Arthur made haste to get the dog, which is a big black animal, into the hallway of the house.

He had succeeded in getting the dog part way through the door when No. 4 grabbed it by the hind legs and pulled it back. Little Arthur made a hard fight for his pet, but Mrs. Guyot came to her son's rescue, and she alleges that No. 4 first struck her in the breast and then with her arm and threw her down on the sidewalk.

Mayor Boody promised to investigate.

THE NEW YORK YACHTS.

They Make the Biggest Fleet Ever So Assembled at New London.

OFFICIAL TO THE PRESSING WIND.

New London, Conn., Aug. 4.—The fog stern in New London Lighthouse, sending out its dismal wail at regular intervals, roused the yachtsmen of the New York fleet at an early hour this morning.

"Not a thick fog, but one too thick to allow of a sail being developed for the harbor until 10 o'clock, when it cleared off."

At 6:30 a gun from the flagship *Electra* and two flags at her main peak gave the signal for the fleet to get under way. At ten o'clock most of them and mainmasts hoisted already for a start.

It is the biggest fleet that has ever assembled in New London harbor for the cruise. The starting line was off Sarah's ledge, and the finish will be off the Duping flock at Newport.

The Brooklyn police have not yet found John L. How, the member of an old and wealthy Brooklyn family residing on the Heights, and a relative of the late Admiral Stringham, who is wanted to give an account of his guardianship of a trust fund of \$30,000 left in his hands by the late John McCready, who died in the Brooklyn City Hospital in 1881.

DRAGONING WON'T DO.

Not with the liver. Violent chagrin, like calomel and blue pill, administered in "heroic" or excessive doses, will do no good, and will only excite the activity of the great hepatic organ, and be productive of much mischief to the system generally. Institute a healthful reform, if you desire to cure the liver.
